To nominate a community member for the Randburg Sun Hero of the Month brought to you by West Pack Lifestyle competition, scan the QR code and complete the nomination form.

## We have a new community hero, and the next one could be you!

Last week we announced our latest winner in our Randburg Sun and Westpack Lifestyle Hero of the Month campaign - none other than Windsor's Patrick Kule.

Kule is a well-known community figure and has featured in the Randburg Sun before for his wonderful work within our area. He received an astounding number of nominations - making it clear what an impact his work is having on those around him.

We chose Kule because of his can-do attitude towards improving his community. Like any businessman, he knew one of the characteristics his business needed to succeed was an environment that invited new customers while still keeping its regulars.

A challenge to this was the huge pile of dirt situated across his business that just seemed to grow in mass. So instead of waiting for someone to do something about it, he became the change he wanted his community to positively benefit through.

Apart from the outside pile of rubbish possibly pushing people away, it was also damaging the image of the road and was a cause of concern for all in the community as it attributed negatively to their health. With the help of various community members, this eyesore of a section was cleaned up and beautified

and since this action of change took place two years ago, a non-profit organisation, Windsor Community Cleaning Association was birthed.

"It was about the well-being of the community and having seen the lack of cleanliness and increase in public dumping and seeing people comfortable to spending time in a dirty environment really agitated me," he shared.

Kule had always wanted to be someone influential within his community, he wanted to do things that were impactful and allowed him to give back. Though the community is getting cleaner, he knows a lot more can still be done. Education around illegal dumping and littering is one component of importance to the organisation as it recognises a change of mindset is integral for the success of a clean community.

The organisation, which now boasts about 100 volunteers, has for the past two years met every Saturday to clean up their community and any other problem areas within the surrounding neighbourhoods.

Their mission has always been to clean and transform Windsor and many other communities.

Kule explained they were appointed by the City to help with service delivery in Ward 69,

86 and 98 to help restore cleanliness to these areas.

But Kule is only one such hero in our community - and it is now time to find the next one. If you know someone who goes above and beyond for the people, or animals, in our community, please nominate them. If they win, they will receive a R1 000 gift voucher from Westpack Lifestyle, to spend on anything they like. No act is too big, or too small, so get your nominations in soon!

### NOTIFICATION: ENVIRONMENTAL AUTHORIZATION PROCESS

In accordance with the requirements of Chapter 6 of the Environmental Impact Assessment (EIA) Regulations (Government Notice R982 as amended, promulgated under the National Environmental Management Act 107 of 1998 - NEMA), notice is herewith given of an application/s which will be subjected to a public participation process.

CSM Consulting Services (Pty) Ltd on behalf of the Johannesburg Social Housing Development Company (JOSHCO) (hereafter referred to as the applicant) has appointed Environmental Impact Management Services (Pty) Ltd (EIMS) as the Environmental Assessment Practitioner (EAP) to assist with undertaking the required authorisation processes (including the statutory public participation), and to compile and submit the required documentation in support of application for:

- Environmental Authorisation (EA) in accordance with the NEMA- Listed activity/ies:
  - Listing Notice 1: Activity 19; and
  - Listing Notice 3: Activity 12.
- Water Use Licence (WUL) in accordance with the National Water Act - NWA (Act 36 of 1998) - Listed Water Uses
  - Section 21(c) and Section 21(f).

Additional listed activities and/or water uses may be identified during the process.

JOSHCO wishes to construct a new housing development in Randburg. As part of the development approval process, Johannesburg Water (JW) requires that JOSHCO upgrades portions of the existing sewer infrastructure to comply with their masterplan requirements. The proposal is to install a new sewer infrastructure adjacent to the existing system with the existing system being kept operational. The sewer infrastructure will be installed within the existing road servitude from Jan Smut Avenue to Bordeaux Riverside Park, tracking through Valley Road and Garden Road. Before the proposed sewer infrastructure connects to an existing sewer infrastructure manhole which is located on the other side of Bordeaux Riverside Park, the pipeline will cross the Braamfontein Spruit stream, alongside the existing pipe.

The proposed crossing of the Braamfontein Spruit stream requires an EA and WUL. The crossing falls within portion 44 of the Farm Klipfontein 203 IR, portion 26 of Farm 41 IR and portion 8 of Farm 42 IR (Bordeaux Riverside Park). The start, middle and end points for the pipeline through the Bordeaux Riverside Park is as follows: Start: 26° 5'57.20"S, 28° 1'4.91"E; Middle: 26° 5'5.56"S, 28° 1'12.89"E; and End: 26° 5'59.75"S, 28° 1'18.48"E.

EIMS will be following the procedures defined in the Environmental Impact Assessment (EIA) Regulations (GN982 of 2014, as amended) for undertaking a Basic Assessment process. In accordance with Chapter 6 of the EIA Regulations, a public participation process will be undertaken. You are hereby invited to register and comment on the proposed project and application/s. In order to ensure that you are identified and registered as an I&AP and that your comments are captured, please submit your name, contact details, the reason for your interest or any, in writing or telephonically, to EIMS by no later than the 23rd July 2021. By registering as an interested and affected party you consent to the collection and processing of your personal information as per the EIMS Privacy Notice available at [www.eims.co.za/public-participation](http://www.eims.co.za/public-participation). Please note that only registered I&APs will be informed of future project information and opportunities for participation.

In order to avoid missing out on opportunities for public participation please submit I&AP registrations, or any queries, comments, or concerns with regards to this application, as soon as possible to EIMS at:
