Dear Sir or Madam:

NOTIFICATION REGARDING OPPORTUNITY TO PARTICIPATE IN THE WATER USE LICENSE APPLICATION PROCESS FOR THE PROPOSED RED CAP IMPOFU (RF) (PTY) LTD ALGOA SUBSTATION, IN THE NELSON MANDELA BAY METROPOLITAN MUNICIPALITY (NMBM), GQEBERHA, EASTERN CAPE PROVINCE, SOUTH AFRICA.

Red Cap Impofu (RF) (Pty) Ltd (hereafter referred to as the 'Applicant') holds an Environmental Authorisation (EA) (DFFE reference: 14/12/16/3/3/2018) issued on 13 March 2020, for the Impofu Wind Farm grid connection power line infrastructure. The authorised development conveys electricity from the Impofu Wind Farm Cluster near Oyster Bay in the Eastern Cape Province, via an approximately 120 km, 132 kV overhead power line to Algoa Switching Substation (hereafter 'Algoa Substation') and ultimately feed into the national electricity grid.

Environmental Impact Management Services (Pty) Ltd (EIMS) was appointed by Enel Green Power (Pty) Ltd, on behalf of Red Cap Impofu (RF) (Pty) Ltd as the Environmental Assessment Practitioner (EAP) to assist with undertaking the required authorisation processes including the statutory public participation for:

- Water Use Licence (WUL) in accordance with the National Water Act (NWA- Act 36 of 1998) - Listed activity:
 - Section 21 (g): disposing water in a manner that may detrimentally impact on a water resource.

The Application has been submitted for a water use licensing in terms of Section 40 of the National Water Act, 1998 (Act 36 of 1998) for the Section 21 (g) water use, which relates to the "disposing water in a manner that may detrimentally impact on a water resource". The applicant intends to dispose of domestic or sewage waste in an existing conservancy tank (2 500 L), before the waste is removed by a specialized vacuum tanker and taken to a licensed wastewater treatment works.

The proposed water use is located on Portion 0 of farm 565, in the Nelson Mandela Bay Metropolitan Municipality (NMBM). The site, located approximately 33°50'1.89"S; 25°31'25.26"E, is surrounded by KwaMagxaki, KwaDwesi, Zwide location, and Motherwell. Please refer to attached project locality map.

You are hereby invited to register and comment on the proposed use of the conservancy tank at Algoa Substation for temporary storage of domestic or sewage waste before disposal and submit any objections in writing within **60 days** of this notice (**i.e. from 11 September to 12 November 2026**) using the contacts below:

Further information will be available at www.eims.co.za/public-participation/. Please note that in the event that you are unable to access the website due to data constraints please contact EIMS for alternative arrangements.
